Issue #1

25% 75% 0% 50% 100%

Title
BUG REPORT

Description
When the user wants to complete a payment, the payment amount field should already be pre-populated by the software system and the user should not be able to edit the payment amount. This will make sure that payment of the required amount goes through and lowers the chances of a fraud happening.

Steps to Reproduce
Initiate a payment, try editing the payment amount.

Remarks
English [Check Spelling](#)
